

CURTIS PEEVER

UNIVERSITY EDUCATION

Master of Arts (Economics), University of Saskatchewan, Saskatoon, Saskatchewan (1998). Areas of specialization included international money and finance, regional economic development, labour economics and econometrics.

Bachelor of Arts (Economics), University of Saskatchewan (1996).

WORK EXPERIENCE

June 1999 to present. **Economist** with Associated Economic Consultants Ltd., Vancouver, British Columbia and formerly Calgary, Alberta. Responsible for estimating the values of economic losses in personal injury and wrongful death claims, including losses of employment incomes, losses of economic support, losses of non-wage benefits (including pensions) and losses of household services. Additional responsibilities include calculating the present values of costs of future care based on the evidence of health experts and researching topics in labour economics.

Qualified as an expert witness in the Supreme Court of British Columbia and the Supreme Court of Yukon.

January 1997 to September 1998. **Treasurer/Associate Editor** for the Saskatchewan Economic Journal Inc. (SEJ) at the University of Saskatchewan. Responsibilities included monitoring budgetary spending, purchasing necessary capital, preparing financial documentation, reviewing and proofing submissions for publication, and distributing journal.

September 1995 to September 1998. **Professor's Assistant** for numerous professors and sessional lecturers at the University of Saskatchewan. Responsibilities included instructing labs and tutorials in introductory micro-economics, macro-economics and statistics courses, student consultations, supervising examinations, and grading examinations and assignments.

Summer 1997. **Research Assistant** to Dr. David Hanly, Department of Economics, University of Saskatchewan. Assisted in the study of demand and supply issues related to Western Canadian housing markets. Responsibilities included data collection and econometric analysis.

Summer 1996. **Research Assistant** to Dr. Said Elfakahni and Dr. Jason Wei, Department of Commerce (Finance), University of Saskatchewan. Assisted in the study of the "small firm effect" and its presence in Canadian and U.S. stock markets. Responsibilities included an extensive literature review, data collection, and econometric analysis.
